RECENTS PROJECTS 2016-2017:

- **MOBILE BANDIT:** I volunteer for 3 months as Designer for Mobile Bandit. I produced some design materials for the company.
- **SAGE WEBSITE:** The agency Creative Pace, want to deliver a new concept to the new website for SAGE. The proposal was to bring a minimalistic style with a practical visual solution. The elements were organized focusing on simplicity and hierarchy of importance of the information.
- **MUSE FIND:** As a web Designer I participated in a project in the VanHackathon Challenge. The Challenge was created a new website for the Agency Muse Find. Myself and the team start from the principle that business wants to turn the platform in an auto-sustainable system to attract both influencers and brands automatically. With these terms, we designed a new website that can clearly pass a message to influencer and brand they can achieve their goals connecting to each other through the platform.
You can see the prototype of project here.
